MR. DAVIS SOMEWHAT BETTER.

Mrs. Ida Duley has returned home after a visit to her uncle, Mr. Thomas A. Davis, at Martinsville, Ind., and brings the welcome information that he is somewhat improved in health, but that he will remain there under Dr. Greene's attention for several weeks.

INTERESTING AND PATHETIC STORY.

Yesterday there began appearing in The Public Ledger as a short serial, a very interesting and true story by Mrs. C. C. Degman, of Springdale, called "The Mysterious Grave." There will be about six installments printed from time to time. We will keep on hand a supply of extra copies containing the complete serial.

The Court opened the bail by giving Deb Oliver a clean bill of health as to the indictment of the Grand Jury for keeping a "disorderly house."

The defendant created much amusement as a witness for herself, when she declared on the stand that she was "a Democrat and had always been a Democrat."

"We the Jury" decided that she be acquitted.

George Sidell, assault and battery given 30 days in jail at hard labor.

Frank Hasson was adjudged guilty on two counts for gambling and fined \$50 and costs in each case.

The case against Jim Banks, colored, charged with detaining a woman, in default of furnishing \$1,000 bail he was remanded to jail until further trial.

COUNTY COURT, MARCH 24.

TAXED TO SUPPORT A LOW TARIFF.

A \$10,000,000 slump in the customs receipts for February, increasing the treasury deficit for the fiscal year to date to \$27,000,000, puts the beneficial effects of the new Tariff law in a somewhat new light. The lower duties on imports are making a tremendous reduction in the Tariff revenue of the country without any compensating reduction in the cost of necessities. The cost of running the Government of the United States is not, however, reduced. On the contrary, it is increasing with leaps and bounds under the Democratic Administration, and the deficit in the Tariff revenues must be made up from other sources. In a word, the people must be taxed to support a low Tariff which has not benefitted them in the slightest degree and probably never will.—Battlesboro (Vt.) Phoenix.

HEARTLESS WRETCH, HOW CAN YOU KILL THE PEACH CROP.

[West Union (O.) Record.]
State Nursery and Orchard Inspector N. E. Shaw announced Monday that the peach crop in Ohio this year would be a failure as a result of the recent cold spell which killed nearly all the crop. In Pike County examination by a former inspector showed that in an orchard of 10,000 trees not a single tree had escaped ruin so far as this year's crop goes, said Shaw. Southern Ohio orchards were especially hit hard. Former County Treasurer A. Q. Ebride and J. S. Mathews, who have made an examination of peach prospects locally report the greater part of the buds destroyed.

About the only thing some of us can't resist is temptation.

DOYLE SAYS OHIO STATE LEAGUE WILL GO SOME.

Scout Billy Doyle, who knows probably more about the exact base ball situation in the Ohio State League than anyone else, says that there is surely going to be one hot fight for the Ohio State race this year.
This coming from Doyle should go to show that the league will be a fast one this year. Doyle has had more chance to study conditions all over the circuit than any other man. He knows the exact strength of every team by personal contact with the players and he knows just about what each one can do having studied nearly all the men in action.

Winter and Spring seem to be doing "the hesitation" some more.

WHY THE REPUBLICANS ARE COMING BACK.

Senator Edwin Curtis, of Genesee County, elected to the last legislature as a Progressive, announces his return to the Republican party. He says: "I do not believe there is any longer any reason why men who think alike politically should be voting different tickets. The great question of a Protective Tariff is really the only problem upon which men are divided. Past differences should, in my judgment, be forgotten and all unite in the one common purpose of restoring a Protective Tariff law on the statute books.—Owosso (Mich.) Times.

WHAT ONE FARMER SAYS.

This country is up against the serious prob of the tremendous increase of percentage of population of the cities and towns as compared with the rural deestricks, and now just when farmin' is begginin' to pay some and the movement back to the land is gettin' stronger, along comes President Wilson with his jug handled Tariff bill whackin' the farmer by openin' up competition with Canada, Europe, Asia, Australia, South America and the rest of the world while the manufacturers are Protected so they keep up their robbin' prices same as before. Of course, if Wilson had ben a practical statesman instead of a theorizin' scholar he would hav figgered this out different, but he don't know enuf.—Austin (Minn.) Transcript.

SUBJECT OF RATES

Private Consumers' Schedule—From Recent Decisions of Railroad Commission of the State of Georgia

CASE—

Application of the Macon Railway and Light Company, Macon, Georgia, (Pop. 40,665), for Authority to Increase Rates. Decision of the Georgia Railroad Commission, Fixing Rates for Electric Light and Power. February 24, 1914.

As a result of the merging of the Macon Consolidated Street Railway Company, the Macon Electric Light and power Company and the Metropolitan Street Railway Company the applicant obtained franchise rights to operate street railway lines, and electric lighting and power lines in the city of Macon. The facilities of this company were adequate to serve all the electric utility business of the city.

"Instead of coming to this commission for fair and reasonable rates or for improvements in service, if unsatisfactory; instead of taking steps to compel this established company to furnish all proper and reasonable service at fair rates, the City adopted the policy of granting franchises to another company to come in and share the business or to compete for it."

Anticipating severe competition of the Georgia Public Service Corporation the applicant lowered its rates. After a six months struggle, the interests controlling the Railway and Light Company purchased the stock of the competitors, the fight for business ceased, and simultaneously separate applications by the Railway and Light Company, and by the Public Service Corporation were filed with the Commission asking for authority to increase rates, maintaining that rates in effect were ruinously low.

"We do not believe that a business which supplies to a community, a public utility like gas or electricity, is one in which full and free competition between two companies engaged therein, can be expected to permanently prevail. Experience has demonstrated the world over, as it has in Macon, that when there is more than one such company in a city engaged in the same business, while active competition may prevail for a while, sooner or later, the competing companies find it to their interest to reach an understanding as to prices, or to a division of territory, or both, and in the great majority of cases the two companies either become one or the control of both passes into the same hands."

In fixing rates for the two companies the Commission considered only the older and larger company since under common ownership the other plant will undoubtedly be dismantled. In the meantime, the rates prescribed for the larger company will afford fair returns to the Public Service Corporation upon the fair value of its property devoted to the public use.

Under the company's rates, commercial lighting and power current was furnished at from 4.05 cents net down to 2.02 cents net per kilowatt-hour, and residence lighting current for from 6.75 cents down to 5.85 cents net per kilowatt-hour.

The Commission prescribed the following net rates:

LIGHTING RATES.

9 cents per kw. hr. for the first 50 kw. hrs. per month
7 cents per kw. hr. for the next 50 kw. hrs. per month
6 cents per kw. hr. for the next 100 kw. hrs. per month
5 cents per kw. hr. for the next 300 kw. hrs. per month
4 cents per kw. hr. for the next 500 kw. hrs. per month
3 cents per kw. hr. for the next 4000 kw. hrs. per month
2 cents per kw. hr. for all over 5000 kw. hrs. per month
10 per cent. is added to the bill for failure to pay before the 10th day of each month.
Minimum Charge—\$1.00 per month per meter.

MASTIC PAINT

A Lesson in Real Economy

Take two houses—both alike—
Spend about \$50 to MASTIC-PAINT one—
Let the other go unpainted—

Offer them both for sale—
You'll wonder why the unpainted house finds no buyer at even \$500 less than the MASTIC-PAINTED house will bring.

At the beginning both houses represented equal value.

The Lesson: A few gallons of MASTIC PAINT properly applied at the right time greatly increases the value of your property.

Your building needs painting Right Now, but don't use keg-lead or hand-mixed paints. It may be cheaper at the start, but is costly and unsatisfactory in the end.

"WHEN I GROW OLD."
When I grow old, oh let me laugh with Youth!
Because I, too, was young and once forsooth,
Was fair, with unlined brow.
When I grow old, oh let me shed a tear
When those who feel Life's woe and pain are near!
Because I once did bow

My head with grief, and ever thro' the years
Did laugh and sob with fiftal hopes and fears.
So grant that I may hold
Some trembling hand or soothe some heart awhile;
And may I coax some lips to give a smile
With mine—when I grow old.

JUDGE COCHRAN FOR THE SENATE.

(Editorial in Sunday's Lexington Leader.)

A little more than a year ago, in West Virginia, during a party crisis in that State, the Republicans turned to Nathan Goff, a United States District Judge, a man of splendid ability, of clean personality, courageous and yet conservative, forceful, just and sympathetic, and elected him United States Senator.

The news columns of The Leader this morning suggest that the case of Judge Goff may find a parallel in Kentucky, and that a combination of circumstances might arise which would lead to the nomination and election of Mr. Andrew M. J. Cochran, of Maysville, as United States Senator.

The names of many Republics are under discussion these days by voters and local leaders who are naturally interested in the outlook for party success this fall.

This gossip is not confined to "regular" Republicans. Many "Progressives," Independents, and also a great many conservative Democrats are looking forward to the possible appearance of a Republican candidate of the type that Judge Cochran would embody, and it is highly complimentary to him that this tendency has found concrete expression through the use of his name.

There is great political unrest in Kentucky. The failure of the Democratic administration at Frankfort to develop leadership and formulate remedial legislation that would inspire confidence and respect in the minds of the people, the scandals and delinquencies of the recently adjourned General Assembly, and the campaign of "hurrah" and vilification which it is now evident will characterize the canvass for the Democratic nomination for United States Senator, has caused widespread desire for the coming of a man who would by his very name add dignity to the campaign for Senator and convince every voter and every interest and industry that it is possible to find in Kentucky a man who, regardless of his personal beliefs and theories, would deal sanely and fairly with all questions and in all emergencies.

If such a man comes forward at this time and is nominated by the Republicans, he will, it is believed, receive not only the undivided support of the regular organization, but will attract the allegiance of those Republicans who for reasons satisfactory to themselves followed Mr. Roosevelt in the last National campaign for the Presidency. In addition to this, such a man will undoubtedly get the votes of thousands of conservative Democrats who are dissatisfied with the trend of affairs within their own party.

The Leader by no means takes the position that Judge Cochran is the only man in the Republican party who measures up to these standards, but that such a type of citizen, and a man not active in political life, has been seriously discussed by gentlemen concerned is of sufficient importance to give it news value of more than ordinary weight.

SERIOUS ERROR IN MAYSVILLE

Maysville Citizens Will Do Well to Profit by the Following.

Many fatal cases of kidney disease have reached an incurable stage because the patient did not understand the symptoms. Even today in Maysville there are many residents making the same serious error. They attribute their mysterious aches and pains to overwork, or worry, perhaps, when all the time their rheumatic pains, backache and bladder irregularities are most probably due to weak and ailing kidneys. If you are ill, if your kidneys are out of order, profit by this Maysville resident's experience.

Lang Stevens, Maysville, Ky., says: "My kidneys were out of order and I had backache, attended with pain, which extended into my kidneys. The kidney action was irregular. Doan's Kidney Pills had been used in my family, so I gave them a trial. They made me entirely better."

CAL LENAGHAN, SON OF MRS. THOMAS OSBORNE, DIED AT LEXINGTON.

Calvin B. Lenaghan, a bookkeeper in the business department of State University, died at Lexington Sunday morning after a month's illness. Mr. Lenaghan was 23 years of age and had been in the employ of the University about five years.

At the bedside when the end came were Mr. Lenaghan's mother, Mrs. Thomas Osborne, of Dover, Ky., and his wife, who before her marriage was Miss Mamie Hunt, of Lexington.

Mr. Lenaghan was born in Mason County and while quite young moved with his parents to Chicago.

His remains were taken to Chicago for burial.

MAKES OLD PEOPLE STRONG AND WELL

We want to get the news to all old people about Rexall Olive Oil Emulsion, a remarkable new food-medicine which we firmly believe is the best remedy ever made to overcome the weakening, debilitating effects of increasing old age.

It helps to rebuild wasted tissues, strengthen the nerves, and give new energy and a lively feeling to the body.

It contains no alcohol or dangerous drug. It may not make you feel better for a few days, but if you do not feel much better and stronger before you have taken a quarter as much as you have of other medicines that have not helped you, we will gladly give back your money.

Rexall Olive Oil Emulsion contains pure Olive Oil and the Hypophosphites which, though they have long been endorsed by successful physicians, are here for the first time combined. The result is a real body, nerve and blood-building food-medicine that we believe is superior to anything else in overcoming debility, weakness and liability to disease, and to tone and strengthen the nerves and enrich the blood.

You who are weak and run-down—you who are often troubled by various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. It is a sensible, pleasant-tasting aid to renewed strength, better spirits, glowing health.

If it doesn't help you, come and tell us and we will give back your money without a word. That is how much faith we have in it. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00.—Chenoweth Drug Company, corner Second and Sutton streets, Maysville, Ky.

ELECTRIC SIGNS!
The distinguishing air of quality which a first-class Electric Sign gives to a store is the element which gives a sign its greatest value as an advertising medium and investment. The impression it makes is good. It blazes forth to the public that there is business enterprise, merchandise and methods up-to-date. It affects the entire atmosphere of the business district. The stranger says, "It is a live town," and publishes it abroad.
It is the Sign of the Times.
